We are committed to create strong and independent society without inequalities and discrimination, and where everybody enjoys equal opportunities.

MISSION

To Foster Democratic & Equitable Living Environment, where all Vulnerable people specially underprivileged, women and Children have to access to Education, Health, Sustainable Livelihood opportunity and essential infrastructure services irrespective of their economic and social status.

GOAL

Over all Socio - Economic Development of underprivileged people specially women and children. Vision we are committed to create strong and independent society without inequalities and discrimination, and where everybody enjoys equal opportunities.

AIM & OBJECTIVE

SADHANA FOUNDATION is a voluntary Organization working for the education, health and women's empowerment in the underprivileged communities, especially with children and women.

SADHANA FOUNDATION was init ated with a view to evolving information and making linkage between the villagers and the government. We believed that knowledge would lead to awareness, which would further lead to self-development, empowerment and action.

HISTORY

SADHANA FOUNDATION came into existence as a result of the motivation and personal initiative of its founder, Mrs.

Sujatarani Panda, to enhance the socio-economic status of the underprivileged people. Hailing from a rural family, the founder was no stranger to hardships faced by the underprivileged. Having overcome economic and social challenges, due to the backing and economic blessings from certain elder society leaders, the founder set out to do his best to make a positive difference in the lives of fellow underprivileged.

Working with a team of committed people, SADHANA FOUNDATION's aim has been to secure integrated development through people's participation. The key areas identified for interventions include child rights, education, health and hygiene, sustainable livelihood, and women empowerment. Our efforts have developed lasting association with government, non- government and corporate organizations as also with the communities and groups with whom we have worked.

We have come a long way following a small beginning in July 2019, and have implemented a wide variety of projects related to child rights for change, reproductive child health care, quality education, watershed development, wasteland development, tribal development, low-cost sanitation, alternate energy sources, self-help groups, vocational training to youth, and women empowerment in Balasore District of odisha state in India. While implementing different developmental projects, our organization has always been on working through people's participation. At SADHANA FOUNDA-TION, we have always believed in the capacities and capabilities of the communities, and have always strived to channel their hidden energies for the betterment of society at large. Our efforts have always been directed

towards creating an environment that is conducive of enhancing opportunities to local people to think and act positively. We have always endeavored to develop skills and competencies of the local communities with a view to enabling them to operate and maintain the assets created through the implementation of the projects on sustainable basis.

This philosophy of ours has led us to adopt a holistic and participatory approach to rural development. We believe in inclusive approach, covering all the sections of the society, particularly the underprivileged, in a village. We work with the existing village level fora (and creating new ones wherever necessary) through Participatory Rural Appraisal (PRA) approaches, principles and techniques.
